

## Event Program

### TU9 Sneak Peek Master 2021 | Tuesday, April 27 and Thursday, April 29

#### Online Study Information Day

Get to know nine leading Technical Universities live in one day - this opportunity is offered by the TU9 Sneak Peek Master.

In 2021, the online study information day will take place in two blocks: on **April 27 from 1:00 to 6:00 p.m. CEST** and on **April 29 from 1:00 to 3:00 p.m. CEST**. The events will be held in English.

#### Access to the event:

<https://tu9.online-days.de/> (registration necessary)

#### Program

##### April 27, 2021

#### **1:00 - 1:30 p.m. CEST | Technische Universität Dresden**

*Studying at TU Dresden: An Excellent Choice!*

TU Dresden offers more than 60 Master's degree programs in Engineering, Sciences, Environmental Engineering and Humanities including several English taught programs. Find out what your options are, why you should choose studying in Dresden and talk to current Master's students at TU Dresden.

#### **1:35 - 2:05 p.m. CEST | Technical University of Darmstadt**

*Take it to the Next Level - English Master's Programs at TU Darmstadt*

At a glance: TU Darmstadt offers more than 100 study programs and six different degree qualifications. There is a broad range of choice, although the focus is on Engineering. You can choose between 11 English-taught Master's degree programs and more than 60 Master's degrees taught in German. Meet Ulrike Gloger & Nathalie Becker to learn more about the international study programs M.Sc. Mathematics and Information and Communication Engineering (iCE), our services for international students, and the student life in Darmstadt.

#### **2:10 - 2:40 p.m. CEST | Technische Universität Berlin**

*My Master's Program at TU Berlin*

What does it mean to come to Germany to study for a Master's degree? How do you find information on the programs' contents and how to apply? We will introduce you to different programs and to the TU Berlin's admission requirements for Master's degree programs. In addition, you will get tips on studying in Germany in general and how to take the first steps towards a suitable study choice.

#### **2:45 - 3:15 p.m. CEST | RWTH Aachen University**

*Why Study at RWTH Aachen University and How to Apply*

A member of the Admissions Department of the International Office will inform you about RWTH Aachen University in general and about the application and admission process for Master's degree programs. This includes the admission requirements, the application and enrollment process at RWTH Aachen University. The selection process through the examination boards within the faculties will be explained in particular.

**3:20 - 3:50 p.m. CEST | Karlsruhe Institute of Technology**

*Questions and Answers about Studying at KIT*

Find out everything about KIT and more than 40 Master's programs on offer. Members of the KIT Unit Study & Teaching (Studium & Lehre) and the International Affairs will answer all your questions about studying at KIT!

**3:55 - 4:25 p.m. CEST | Leibniz University Hannover**

*Looking for a Master's Program? - Learn More about Studying at Leibniz University Hannover*

Find out about Leibniz University Hannover and its Master's degree programs! What is it like to study in Hannover as an international student? How to apply? What are the requirements? Which support is on offer? We will talk about these and other questions in our discussion round - and international students will share their experiences. In addition, experts from different faculties and advisory services are ready to answer any queries you may have in the live-chat.

**4:30 - 5:00 p.m. CEST | Technische Universität Braunschweig**

*All You Need to Know about the TU Braunschweig*

TU Braunschweig is located at the heart of Europe's most active research region. Take your chance and find out first-hand what you want to know about the Carolo-Wilhelmina during our Q&A session with students and professors.

**5:05 - 5:35 p.m. CEST | University of Stuttgart**

*English-Speaking Master's Programs at the University of Stuttgart*

You are interested in studying abroad, in pursuing an international career? We are happy to present you our English-speaking Master's programs that are popular with students from all over the world. Welcome to the University of Stuttgart, one of Germany's leading technically oriented universities.

[April 29, 2021](#)
